RESOLUTION.

GENERAL DEPARTMENT.

MARINE NO. 2061.

Calcutta, the 22nd June 1874.

READ—

Correspondence regarding the reduction of the Pilot Service.

1. The scheme, as originally described, provided for bringing about ten retirements among Service Pilots, and thirty among Licensed Pilots; but in fact so many are not required. The object is to bring the number of Running Pilots down to seventy. For the last year or two the vacancies which have occurred have not been filled up, and when the first retirement on bonus took place, the number of Pilots was in excess of seventy by thirty-one only.

Fourteen Pilots have already been permitted to retire on bonus. The same permission is now granted to the following Pilots, who have submitted applications:—

Branch Pilots.

	£
Mr. C. W. Warden on a bonus of ...	1,400 (including compensation for privileges.)
Mr. Lord ...	1,000
<i>Mate.</i>	
Mr. B. Hand ...	1,120

Licensed Mate.

Mr. Hyndman ...	600
-----------------	-----

2. In addition to the above, the Lieutenant-Governor considers it to be necessary for the public interests that the following Pilots should be required to retire from the service, or to give up their licenses; the bonus to which each is entitled under the scheme will be paid him:—

Service Pilots.

	£
Mr. T. Black ...	1,200
Mr. H. Halden ...	1,200

Licensed Pilots.

Mr. J. Thomas ...	650
Mr. D. F. M. ...	800
Mr. W. Thompson ...	550

3. The retirements will take effect from the 1st of July 1874, or from any previous date on which the Pilots named may wish to retire.

4. Mr. Jones has applied to retire if the mode of grading service and Licensed Pilots indicated in paragraph 5, clause 6, of this Government Resolution of the 12th February 1874, according to the date of entering service, be carried out. Many memorials on the subject have been received, and the Lieutenant-Governor is pleased to reserve Mr. Jones's application to retire for decision after the question is finally settled.

5. The following list shows the names of the Pilots who have been permitted, or required, to retire under the scheme, with the cost of each retirement:—

Names.	Amount of bonus.
<i>Branch Pilots.</i>	
	£
G. Collins ...	1,400

B. K. Revett ...	1,000
W. H. Fielder ...	1,400
G. Lord ...	1,000
C. W. Warden ...	1,400

<i>Master Pilots.</i>	
H. D. Fletcher ...	1,500

<i>Mate Pilots.</i>	
B. G. Hand ...	1,040
A. M. Merriott ...	1,300
A. A. Madden ...	1,120
Total ...	3,460

(Equivalent of £80 extra pension which he elected to take instead of bonus.)

Names.	<i>Licensed Masters.</i>				Amount of bonus.
					£
F. Hyndman	600
J. Thomas	650
D. F. Manger	800
W. Thompson...	550
J. Ewert	550
A. S. Ritchie	275
				Total	3,425
				<i>Licensed Mates.</i>	
R. Scott	450
A. Templeton	450
C. Williams	400
				Total	1,300
				Grand Total	21,885

6. To this must be added £600, the amount of Mr. Jones's bonus if he should retire, making a total of £22,485. The total expenditure sanctioned by the Government of India was £23,000. The difference, £515, must be kept in hand to meet any additional payments which it may be necessary to make on claims which have been advanced in certain cases by Pilots who have been permitted to take the bonus.

7. With reference to the limit which has been put on the expenditure under the scheme, the Lieutenant-Governor has not been able to accede to the applications of all who applied to retire on bonus.

Mr. C. B. Ransom.
" O. H. Benaley

Mr. R. Long.
" R. Scott.

8. The four officers named on the margin wished to retire on the pension and bonus of Branch Pilots, but they were not Branches before retirements under this scheme began, and owe their promotion to the Branch Grade to such retirements only. But no more retirements on Branches' terms can be allowed for financial reasons, which also compel His Honor to decline the offers of Messrs. Sealy, Bowden, Hart, and Bellew.

9. Mr. Curtis has been on leave for the last three years, and is understood to have adopted another profession. The Officiating Master-Attendant is requested to inform Mr. Curtis that no bonus can be given to him, and that no further leave can be allowed. The leave already granted him has been much too long.

10. When these 24 retirements have taken place, the number of Service and Licensed Pilots, respectively, which remain on the list, will be 54 and 23. The reduction to 70 must be made by not filling up vacancies as they occur in ordinary course.

11. The number of Pilots having been thus diminished, the Officiating Master-Attendant should, without delay, submit definite proposals for reducing the number of vessels employed as Pilot Brigs.

Ordered that copy of this Resolution be forwarded to the Accountant-General for information; and to the Master-Attendant for his guidance, and for communication to the Pilots concerned, and to the body of Pilots. Orders on the points of the scheme, such as the grading of the Pilots and the readjustment of the percentage of fees allowed to Pilots, will be issued as soon as possible.

RESOLUTION.

SCARCITY AND RELIEF DEPARTMENT.

Yacht "Rhotas," the 16th June 1874.

READ—

A letter, No. 1800—S.R., dated the 22nd May 1874, from the Commissioner of the Rajshahye Division, with its enclosures.

OBSERVATIONS.—The Commissioner of the Rajshahye Division has brought to the notice of the Lieutenant-Governor that Rai Dhunput Sing Bahadoor, of Azeemgunge, in the district of Moorshedabad, has distinguished himself by the public spirit with which he has come forward to the relief of the tenantry on his extensive estates. In Dinagepore, besides contributing two-thirds towards the cost of digging two tanks, it is represented that the Rai is having a third tank excavated at his own expense, and that he has also agreed to bear the whole cost of repairing an embankment and cleaning out two tanks in thana Gungarampore. It is also reported that, besides postponing the collection of rent on his own zemindaries, he has entirely remitted the rents of such of his tenantry as are unable to pay. In the district of Rungpore he has also suspended the collection of rents; while in the district of Moorshedabad, in which he usually resides, his measures for the relief of general distress are said to have been undertaken on a very extensive and liberal scale.

The Lieutenant-Governor has read these reports with much satisfaction, and he thinks that the marked public spirit displayed by this zemindar in the present crisis is deserving of commendation.

C. BERNARD,

Offg. Secy. to the Govt. of Bengal.

The 15th June 1874.—It is hereby notified that the provisions of Act XXXI of 1860 (relating to the manufacture, importation, and sale of arms and ammunition, and for regulating the right to keep and use the same, and to give power of disarming in certain cases) as continued in force and amended by Act VI (the Arms' Act Continuance Act^v, 1866, restricting (1) the possession of cannon, howitzers, and mortars; (2) the manufacture, repair, sale, or (3) importation of arms and ammunition; and (4) the carrying of arms, are in force throughout the territories subject to the control of the Lieutenant-Governor of Bengal.

2. The powers of seizure, search, and arrest in certain cases, defined in sections 20, 21, 25, and 31, Act XXXI, 1860, are still possessed by the several authorities in whom the law vests them.

The following are the revised rules laid down under the Act for the importation, transshipment, inland transport, and exportation of arms and ammunition, the grant of licenses for carrying arms, and for the manufacture and sale of arms and ammunition in Bengal :—

3. Under the provisions of sections 17 and 26 of Act XXXI of 1860, the importation, exportation, or transport of all arms of the descriptions mentioned in sections 4, 5, 6, and 25 of the aforesaid Act^{*} into, from, or through the territories under the Lieutenant-Governor of Bengal, is prohibited unless covered by a license or pass. The transshipment of arms, &c., at ports to which Act VI of 1873 extends is prohibited in Bengal, except under license of the Commissioner of Police, Calcutta.

* *Viz.*, cannon, howitzers, or mortars, fire-arms, bayonets, swords, daggers, spears, spear-heads, lead, sulphur, percussion-caps, gun-powder, or other ammunition.

4. Licenses to import arms and ammunition into the Lower Provinces of Bengal by land may be granted by the Secretary to Government of India, Foreign Department, or by the Secretary to Government of Bengal, in the Judicial Department. Calcutta is the only port in the Lower Provinces where importation by sea is permitted. Persons desirous of importing arms, &c., by sea into any of the districts of Lower Bengal, must apply to the Commissioner of Police at Calcutta, who has also authority to grant licenses for importation through the Port of Calcutta into districts of British India under other local Governments and Administrations. Applications for a license to import arms must be made to the proper officer in writing, and must contain full information on the following points:—

1st.—Purpose for which required.

2nd.—Probable cost of each weapon.

3rd.—Place at which the goods will be imported.

4th.—District in which the arms and ammunition are to be used, kept, or sold.

5. The Commissioner of Police on receipt of applications in the prescribed form, is authorized to grant licenses according to form A, at his discretion, for the importation of arms and, in reasonable quantities, of ammunition; his proceedings will be subject to the general control and direction of the Government of Bengal.

6. Licenses for the importation of fire-arms will not be granted by the Commissioner of Police unless he is satisfied that the weapons are required for *bonâ fide* sporting purposes.

7. Any considerable importation of arms must need special explanation, and guarantee that their use is to be inoffensive, before a license is granted. The Commissioner of Police should not grant licenses for the importation of fire-arms in large quantities without reference to the Government of Bengal, in the Judicial Department. (*N.B.*—A fresh license must be taken out for each importation.)

8. The granting of a license must depend upon the facts of each case, or upon the general complexion of the explanations obtained. Cheap guns might be imported in moderate quantities to some wild districts, where they are wanted to keep down wild beasts or game; but in default of some such good and substantial motive for requiring a quantity of arms, the license would ordinarily be refused. Costly guns are much safer than cheap arms, for only the latter can be employed to any extent for military or aggressive purposes, while the former are nearly always used for sport. When arms are of a kind to raise suspicion that they may be possibly meant for warfare or for other illegal purposes, such as pistols, bayonets, or cheap guns, the Commissioner of Police must satisfy himself very carefully as to the object, reasons, and direction of import, before he admits them under license. He can do this by testing the references which the applicant will give, and by communicating with the Government of Bengal.

9. The Collector of Customs will not, except in the case of European gentlemen importing a reasonable quantity for their private use, deliver any arms or ammunition unless protected by a pass from the Commissioner of Police at Calcutta. When persons, other than European gentlemen, importing for their private use, desire to import fire-arms, they shall be referred to the Commissioner of Police, who, however, need not under the Act make out any license at all if the quantity of arms imported is reasonable, and if they are intended for the importer's own private use, but can pass them on.

10. A license need not be refused for all arms brought into the river, for the importation of which no previous permission was obtained. When such arms are themselves of an unobjectionable character, the Commissioner of Police may grant for them the license in form A and the Customs pass in form B together, provided he is satisfied that there is no intention to evade the rules.

11. No license or pass will be granted for rifles of a military pattern, or of patterns easily convertible into military weapons, unless the consignees produce specific orders from English gentlemen for the weapons.

12. The Collector of Customs shall be responsible for seeing that the arms imported answer to the description given in the pass; and, in case of doubt, shall detain the arms and refer the point for the orders of Government.

13. The consignee, on arrival of the arms and ammunition, must produce his license to the Commissioner of Police at Calcutta, upon which he will receive from the said officer a pass in form B for the delivery of such arms and ammunition as may be mentioned in the license.

14. If the arms and ammunition are to be transported from Calcutta to any of the districts under the Lieutenant-Governor of Bengal, the Commissioner of Police, at the time of granting the pass for delivery from the Custom House, will grant a pass in form C for the transmission of the said goods to the place to which the importation is sanctioned in the license, and he will forward a copy of the pass to the Magistrate of the district in which the said place is situated.

15. In case the arms, &c., are to be transported to districts in British India not within the Lower Provinces of Bengal, the Commissioner of Police may proceed in the same way. Before granting licenses for the transport of any considerable quantity of arms or ammunition to Assam, he must communicate with the Chief Commissioner of Assam. Before complying with applications for licenses in doubtful cases, he will make a similar reference.

16. No passes to export arms and ammunition from the Lower Provinces of Bengal, either by land or by sea, to any place out of British India, shall be granted except by the Secretary to the Government of India, in the Foreign Department. All such passes shall be granted subject, as far as may be, to the rules for the transport of arms within British India, and wherever there is a Political Agent, Cantonment Magistrate, or other British official at the place of destination, the pass shall be delivered to him within six days of the arrival there of the articles covered by it, with a view to his satisfying himself that there is no deficiency, in the same manner as a Magistrate of a British district is required to do by the Inland Transport Rules prescribed below.

17. Any person desirous of transporting any arms or ammunition of the description marginally noted into any portion of the territories under the Lieutenant-Governor of Bengal, or from one district or town in the said territories to another district or town, must apply for a pass to the Commissioner of the division, specifying the district or town into which he proposes to transport the goods.

Fire-arms, bayonets, swords, daggers, spears, spear-heads, lead, sulphur, gunpowder, or other ammunition.

18. Any person desirous of transporting any of the above-mentioned articles (except in reasonable quantities for his own private use) from Calcutta into the interior of British India beyond the territorial jurisdiction of the Government of Bengal, must apply for a pass to the Commissioner of Police.

19. When a person is desirous of transporting any such articles from any place in the Lower Provinces other than Calcutta, to any place in British India within the territories of another local Government or Administration, he must apply for a pass to the Secretary to the Government of India, in the Home Department, or to the Secretary to the Government of Bengal, or to such other officer as the Government of India may have authorized by notification to grant such a pass.

20. The application must in all these cases be in writing; it must specify the town, station, or other place into which the articles are intended to be transported, and must contain full information as to the quantity, quality, and description of the articles; and the purpose for which they are respectively designed. When the articles have been imported from abroad, the license under which they have been imported must be appended.

21. It will be within the discretion of the authorized officer to grant the pass if, from the information thus given and otherwise obtained, he considers that such pass may be safely granted. A register shall be kept of all passes so granted, and a copy of each pass shall be sent to the Magistrate of the district within which the place to which the articles are to be transported is situated.

22. The articles covered by such pass shall be taken direct to the place of destination mentioned in the pass without being sold or made use of at any intermediate place.

23. On the articles reaching their destination, the person in charge thereof must deliver the pass to the office of the Magistrate of the district within six days. It will be the duty of that officer to satisfy himself that the articles transported correspond with the entries in the pass, and to see that any deficiency that may exist is satisfactorily accounted for. The pass shall then be endorsed and returned to the holder, if he may lawfully keep in his possession the articles of which it covers the transport.

24. The following fees are to be charged for the issue of licenses and passes under the foregoing rules :—

For each license in form A for permission to import arms and ammunition	Rs. 5
For each pass in form B for the delivery of arms and ammunition from the Custom House	1
For each transport pass in form C	5

The foregoing rules do not apply to arms and ammunition imported or transported by any person in small quantities for his own private use, but a license or pass may be granted for such arms or ammunition at the discretion of the officer to whom the application is preferred.

25. Section 32 of Act XXXI of 1860, prohibiting absolutely the possession of any arms or ammunition without a license, is not now in force in any district of Bengal, inasmuch as no district is at present disarmed under that section.

26. In districts and places not brought under the provisions of section 32, persons are not absolutely prohibited from carrying arms without a license, but any person not being exempted under the provisions of section 27 from so carrying arms is liable to be disarmed by any Magistrate or police officer under section 26, if, in the judgment of such Magistrate or police officer, it is dangerous to the public peace to allow such persons to go armed or to carry arms.

27. In the districts noted in the margin the Government has not insisted on the people taking out licenses to own or carry arms. In these districts the local officers will refrain from enforcing section 26 of Act XXXI of 1860, except in special cases, in which there is really ground for believing that such a measure is necessary for the preservation of the public peace.

All the districts of the Presidency, Burdwan, Cuttack, and Chota Nagpore Divisions
Chumparun, Sarun, and Tirhoot, in the Patna Division.
Rajshahye, Maldah, and Pubna, in the Rajshahye Division.

28. In the districts noted in the margin, the Magistrates are bound to insist on licenses being taken out before arms are carried. They must observe, however, that they are not authorized to interfere with the mere possession of arms, if the possessor does not carry them or go armed. The license must be in form D, annexed.

All districts in the Cooch Behar, Dacca, and Chittagong Divisions.
Gya, Patna, and Shahabad, in the Patna Division.
Bogra, Rungpore, Dinagpore, and Moorshedabad, in the Rajshahye Division.

29. Any person in the districts named in Rule 28 who has not been exempted under section 27, and who is desirous of obtaining a license to carry arms, shall make an application in writing to the Magistrate in charge of the district or sub-division in which he may be residing. The application must be on an 8-anna stamp, and contain the following particulars :—

- (1) Name and address of applicant.
- (2) Period for which the license is required (in no case to exceed one year from date).
- (3) For what purpose the arms are required, and the place where the applicant proposes to reside during the currency of the license.
- (4) Description of arms for which a license is sought.
- (5) Whether the arms are to be carried only by the applicant or by his followers; if the latter, the number and description of arms to be carried by each follower.

30. Some of the districts named in Rule 28 being situated on the frontier, the unrestricted right of possessing and carrying arms would afford facilities for selling them to the hostile tribes on the border, out of whose hands it is of the greatest importance that arms and ammunition should be kept. In the other districts specified the people are turbulent and prone to engage in affrays and riots, and it is necessary, for this reason, to put a check on the possession of arms by them.

31. The license given should be renewed year by year. The registration of these licenses will enable each Magistrate to ascertain the number of arms kept by the people in his jurisdiction.

32. Licenses to carry arms on a journey may be given to *bond fide* travellers in form E by the Magistrate of the district or sub-division (and in Calcutta by the Commissioner of Police), provided that, save for special reasons, no such license shall be current for more than a fortnight beyond the time required for the ordinary course of post between the place at which the license is granted and that to which the applicant is travelling.

33. The Magistrates should use caution in the issue of licenses to carry arms on a journey, and give them only if satisfied, on inquiry, that they can be safely granted. A register must be kept of all passes so granted, and a copy of such pass shall be sent to the Magistrate of the district to which the traveller is proceeding, in order that he may insist upon a license being taken out there.

34. As to the manufacture and sale of arms, Magistrates have under the Act complete power to grant licenses and recall them, and can therefore executively impose any condition they desire, because, if the condition is not fulfilled, the Magistrate rescinds the license at the end of the year. In this way, a limit can be placed upon the quantity of arms and ammunition which a manufacturer might under license turn out; but it will be necessary for the police to keep themselves well informed as to his actual stock, and to take means for testing the correctness of the stock-book entries.

35. Licenses to sell arms are, in the districts of Purneah, Dinagepore, Rungpore, Tipperah, Chittagong, Dacca, Backergunge, Mymensingh, Sylhet, and the Cooch Behar Division, only to be given to those persons to whom a license to transport arms, &c., would be given by the Commissioner under Rule 18. Such licenses will be very charily given in those districts after reference to the Commissioner of the division, and nowhere save at sudder stations. The fee for a license to sell arms is ten rupees.

36. Under sections 14 and 15 of the Act the Lieutenant-Governor has authorized District and Assistant Superintendents of Police to enter the premises of persons licensed to manufacture or deal in arms and ammunition, and to inspect the books kept by them in the course of their trade. The proper maintenance and inspection of these books, which are essential at all times to effective control over the traffic in arms, have become very much more important now that the checks on importation are likely to stimulate home manufacture.

37. As manufacturers cannot sell without their customers bringing themselves under the rules of inland transport in the process of taking away their purchases, Magistrates have a further means of controlling their trade.

38. The licenses of all dealers in arms, &c., must contain a stipulation that they will abide by the rules above laid down, under penalty of forfeiting their license. They must also undertake to enter in their books, besides the purchaser's name, the name of his father (for native purchasers), his place of residence, and the police-station within the jurisdiction of which he resides. Licenses granted under section 7 of the Act to sell arms should bear a note drawing attention to the necessity of the dealer's procuring also an import or transit pass, or both, before he can import or transport arms for sale. The licenses of dealers in Calcutta should contain a stipulation that they will sell to dealers residing out of Calcutta only when they produce a pass in form C from the Commissioner of the division where they reside, and that they will enter in their registers the particulars of each such pass.

3. What the judgment or final order in the case shall contain is enacted in Section 464 of the Code:—"The judgment or final order shall contain the point or points for determination, the finding thereupon, and the reasons for the finding." The fourth paragraph of the same section points out that "In trials by jury the Court need not state its reasons for its judgment, but shall record the heads of the charge to the jury." In cases tried by jury, therefore, the heads of the Judge's charge to the jury will take the place of the reasons for the finding.

4. No doubt can exist as to the plain requirements of the law in this matter, and the Court desire that the Subordinate Courts will carefully comply with the provisions of the New Code and discontinue the practice, which at present exists in several quarters, of furnishing to the person affected, and sending up to the Appellate Court, a copy of the sentence only with the petition of appeal.

RESOLUTION.

GENERAL DEPARTMENT.

MARINE No. 2061.

Calcutta, the 22nd June 1874.

READ—

Correspondence regarding the reduction of the Pilot Service.

1. The scheme, as originally described, provided for bringing about ten retirements among Service Pilots, and thirty among Licensed Pilots; but in fact so many are not required. The object is to bring the number of Running Pilots down to seventy. For the last year or two the vacancies which have occurred have not been filled up, and when the first retirement on bonus took place, the number of Pilots was in excess of seventy by thirty-one only. Fourteen Pilots have already been permitted to retire on bonus. The same permission is now granted to the following Pilots, who have submitted applications:—

Branch Pilots.

Mr. C. W. Warden on a bonus of ...	£ 1,400 (including compensation for privileges.)
Mr. Lord ...	1,000

Mate.

Mr. R. Hand ...	1,120
-----------------	-------

Licensed Mate.

Mr. Hyndman ...	600
-----------------	-----

2. In addition to the above, the Lieutenant-Governor considers it to be necessary for the public interests that the following Pilots should be required to retire from the service, or to give up their licenses; the bonus to which each is entitled under the scheme will be paid him:—

Service Pilots.

Mr. T. Black ...	£ 1,200
Mr. H. Halden ...	1,200

Licensed Pilots.

Mr. J. Thomas ...	650
Mr. D. F. Mauger ...	500
Mr. W. Thompson ...	550

3. The retirements will take effect from the 1st of July 1874, or from any previous date on which the Pilots named may wish to retire.

4. Mr. Jones has applied to retire if the mode of grading service and Licensed Pilots indicated in paragraph 5, clause 6, of this Government Resolution of the 12th February 1874, according to the date of entering service, be carried out. Many memorials on the subject have been received, and the Lieutenant-Governor is pleased to reserve Mr. Jones's application to retire for decision after the question is finally settled.

5. The following list shows the names of the Pilots who have been permitted, or required to retire under the scheme, with the cost of each retirement:—

Names.	Branch Pilots.				Amount of bonus.
					£
G. Collins	1,400
W. J. Stone	1,000
G. Noaks	1,400
H. A. Merrett...	1,000
B. K. Revett	1,000
W. H. Fielder...	1,400
G. Lord	1,000
C. W. Warden...	1,400
Total				...	9,600
<i>Master Pilots.</i>					
H. D. Fletcher	1,500
T. Black	1,200
H. Halden	1,200
Total				...	3,900
<i>Mate Pilots.</i>					
R. G. Hand	1,040
A. M. Merriott	1,500
A. A. Madden	1,120
Total				...	3,660
<i>Licensed Masters.</i>					
F. Hyndman	600
J. Thomas	650
D. F. Mauger	800

J. Ewert	550
A. S. Ritchie	275

<i>Licensed Mates.</i>					
R. Scott	450
A. Templeton	450
C. Williams	400
Total				...	1,300
Grand Total				...	21,885

6. To this must be added £600, the amount of Mr. Jones's bonus if he should retire, making a total of £22,485. The total expenditure sanctioned by the Government of India was £23,000. The difference, £515, must be kept in hand to meet any additional payments which it may be necessary to make on claims which have been advanced in certain cases by Pilots who have been permitted to take the bonus.

7. With reference to the limit which has been put on the expenditure under the scheme, the Lieutenant-Governor has not been able to accede to the applications of all who applied to retire on bonus.

8. The four officers named on the margin wished to retire on the pension and bonus of Branch Pilots, but they were not Branches before retirements under this scheme began, and owe their promotion to the Branch Grade to such retirements only. But no more retirements on Branches' terms can be allowed for financial reasons, which also compel His Honor to decline the offers of Messrs. Sealy, Bowden, Hart, and Bellew.

Mr C. B. Ransom.
" Q. H. Hensley.

Mr. B. Long.
" R. Scott.

9. Mr. Curtis has been on leave for the last three years, and is understood to have adopted another profession. The Officiating Master-Attendant is requested to inform Mr. Curtis that no bonus can be given to him, and that no further leave can be allowed. The leave already granted him has been much too long.

10. When these 24 retirements have taken place, the number of Service and Licensed Pilots, respectively, which remain on the list, will be 54 and 23. The reduction to 70 must be made by not filling up vacancies as they occur in ordinary course.

11. The number of Pilots having been thus diminished, the Officiating Master-Attendant should, without delay, submit definite proposals for reducing the number of vessels employed as Pilot Brigs.

Ordered, that copy of this Resolution be forwarded to the Accountant-General for information; and to the Master-Attendant for his guidance, and for communication to the Pilots concerned, and to the body of Pilots. Orders on the points of the scheme, such as the grading of the Pilots and the readjustment of the percentage of fees allowed to Pilots, will be issued as soon as possible.

RESOLUTION.

SCARCITY AND RELIEF DEPARTMENT.

Yacht "Rhotah," the 16th June 1874.

READ—

A letter, No. 1300—S.R., dated the 22nd May 1874, from the Commissioner of the Rajshahye Division, with its enclosures.

OBSERVATIONS.—The Commissioner of the Rajshahye Division has brought to the notice of the Lieutenant-Governor that Rai Dhunput Sing Bahadur, of Azeemgunge, in the district of Moorsshedabad, has distinguished himself by the public spirit with which he has come forward to the relief of the tenantry on his extensive estates. In Dinagepore, besides contributing two-thirds towards the cost of digging two tanks, it is represented that the Rai is having a third tank excavated at his own expense, and that he has also agreed to bear the whole cost of repairing an embankment and cleaning out two tanks in thana Gungarampore. It is also reported that, besides postponing the collection of rent on his own zemindaries, he has entirely remitted the rents of such of his tenantry as are unable to pay. In the district of Rungpore he has also suspended the collection of rents; while in the district of Moorsshedabad, in which he usually resides, his measures for the relief of general distress are said to have been undertaken on a very extensive and liberal scale.

The Lieutenant-Governor has read these reports with much satisfaction, and he thinks that the marked public spirit displayed by this zemindar in the present crisis is deserving of commendation.

NOTIFICATION.

The 15th June 1874.—It is hereby notified that the provisions of Act XXXI of 1860 (relating to the manufacture, importation, and sale of arms and ammunition, and for regulating the right to keep and

use the same, and to give power of disarming in certain cases) as continued in force and amended by Act VI (the Arms' Act Continuance Act), 1866, restricting (1) the possession of cannon, howitzers, and mortars; (2) the manufacture, repair, sale, or (3) importation of arms and ammunition; and (4) the carrying of arms, are in force throughout the territories subject to the control of the Lieutenant-Governor of Bengal.

2. The powers of seizure, search, and arrest in certain cases, defined in sections 20, 21, 25, and 31, Act XXXI, 1860, are still possessed by the several authorities in whom the law vests them.

The following are the revised rules laid down under the Act for the importation, transshipment, inland transport, and exportation of arms and ammunition, the grant of licenses for carrying arms, and for the manufacture and sale of arms and ammunition in Bengal :—

3. Under the provisions of sections 17 and 23 of Act XXXI of 1860, the importation, exportation, or transport of all arms of the descriptions mentioned in sections 4, 5, 6, and 25 of the aforesaid Act* into, from, or through the territories under the Lieutenant-Governor of Bengal, is prohibited unless covered by a license or pass. The transshipment of arms, &c., at ports to which Act VI of 1873 extends is prohibited in Bengal, except under license of the Commissioner of Police, Calcutta.

* *Viz.*, cannon, howitzers, or mortars, fire-arms, bayonets, swords, daggers, spears, spear-heads, lead, sulphur, percussion-caps, gun-powder, or other ammunition.

4. Licenses to import arms and ammunition into the Lower Provinces of Bengal by land may be granted by the Secretary to Government of India, Foreign Department, or by the Secretary to Government of Bengal, in the Judicial Department. Calcutta is the only port in the Lower Provinces where importation by sea is permitted. Persons desirous of importing arms, &c., by sea into any of the districts of Lower Bengal, must apply to the Commissioner of Police at Calcutta, who has also authority to grant licenses for importation through the Port of Calcutta into districts of British India under other local Governments and Administrations. Applications for a license to import arms must be made to the proper officer in writing, and must contain full information on the following points:—

1st.—Purpose for which required.

2nd.—Probable cost of each weapon.

3rd.—Place at which the goods will be imported.

4th.—District in which the arms and ammunition are to be used, kept, or sold.

5. The Commissioner of Police on receipt of applications in the prescribed form, is authorized to grant licenses according to form A, at his discretion, for the importation of arms and, in reasonable quantities, of ammunition. His proceedings will be subject to the general control and direction of the Government of Bengal.

6. Licenses for the importation of fire-arms will not be granted by the Commissioner of Police unless he is satisfied that the weapons are required for *bonâ fide* sporting purposes.

7. Any considerable importation of arms must need special explanation, and guarantee that their use is to be inoffensive, before a license is granted. The Commissioner of Police should not grant licenses for the importation of fire-arms in large quantities without reference to the Government of Bengal, in the Judicial Department. (*N.B.*—A fresh license must be taken out for each importation.)

8. The granting of a license must depend upon the facts of each case, or upon the general complexion of the explanations obtained. Cheap guns might be imported in moderate quantities to some wild districts, where they are wanted to keep down wild beasts or game; but in default of some such good and substantial motive for requiring a quantity of arms, the license would ordinarily be refused. Costly guns are much safer than cheap arms, for only the latter can be employed to any extent for military or aggressive purposes, while the former are nearly always used for sport. When arms are of a kind to raise suspicion that they may be possibly meant for warfare or for other illegal purposes, such as pistols, bayonets, or cheap guns, the Commissioner of Police must satisfy himself very carefully as to the object, reasons, and direction of import, before he admits them under license. He can do this by testing the references which the applicant will give, and by communicating with the Government of Bengal.

9. The Collector of Customs will not, except in the case of European gentlemen importing a reasonable quantity for their private use, deliver any arms or ammunition unless protected by a pass from the Commissioner of Police at Calcutta. When persons, other than European gentlemen, importing for their private use, desire to import fire-arms, they shall be referred to the Commissioner of Police, who, however, need not under the Act make out any license at all if the quantity of arms imported is reasonable, and if they are intended for the importer's own private use, but can pass them on.

10. A license need not be refused for all arms brought into the river, for the importation of which no previous permission was obtained. When such arms are themselves of an unobjectionable character, the Commissioner of Police may grant for them the license in form A and the Customs pass in form B together, provided he is satisfied that there is no intention to evade the rules.

11. No license or pass will be granted for rifles of a military pattern, or of patterns easily convertible into military weapons, unless the consignees produce specific orders from English gentlemen for the weapons.

12. The Collector of Customs shall be responsible for seeing that the arms imported answer to the description given in the pass; and, in case of doubt, shall detain the arms and refer the point for the orders of Government.

13. The consignee, on arrival of the arms and ammunition, must produce his license to the Commissioner of Police at Calcutta, upon which he will receive from the said officer a pass in form B for the delivery of such arms and ammunition as may be mentioned in the license.

14. If the arms and ammunition are to be transported from Calcutta to any of the districts under the Lieutenant-Governor of Bengal, the Commissioner of Police, at the time of granting the pass for delivery from the Custom House, will grant a pass in form C for the transmission of the said goods to the place to which the importation is sanctioned in the license, and he will forward a copy of the pass to the Magistrate of the district in which the said place is situated.

15. In case the arms, &c., are to be transported to districts in British India not within the Lower Provinces of Bengal, the Commissioner of Police may proceed in the same way. Before granting licenses for the transport of any considerable quantity of arms or ammunition to Assam, he must communicate with the Chief Commissioner of Assam. Before complying with applications for licenses in doubtful cases, he will make a similar reference.

16. No passes to export arms and ammunition from the Lower Provinces of Bengal, either by land or by sea, to any place out of British India, shall be granted except by the Secretary to the Government of India, in the Foreign Department. All such passes shall be granted subject, as far as may be, to the rules for the transport of arms within British India, and wherever there is a Political Agent, Cantonment Magistrate, or other British official at the place of destination, the pass shall be delivered to him within six days of the arrival there of the articles covered by it, with a view to his satisfying himself that there is no deficiency, in the same manner as a Magistrate of a British district is required to do by the Inland Transport Rules prescribed below.

17. Any person desirous of transporting any arms or ammunition of the description marginally noted into any portion of the territories under the Lieutenant-Governor of Bengal, or from one district or town in the said territories to another district or town, must apply for a pass to the Commissioner of the division, specifying the district or town into which he proposes to transport the goods.

Fire-arms, bayonets, swords, daggers, spears, spear-heads, lead, sulphur, gunpowder, or other ammunition.

18. Any person desirous of transporting any of the above-mentioned articles (except in reasonable quantities for his own private use) from Calcutta into the interior of British India beyond the territorial jurisdiction of the Government of Bengal, must apply for a pass to the Commissioner of Police.

19. When a person is desirous of transporting any such articles from any place in the Lower Provinces other than Calcutta, to any place in British India within the territories of another local Government or Administration, he must apply for a pass to the Secretary to the Government of India, in the Home Department, or to the Secretary to the Government of Bengal, or to such other officer as the Government of India may have authorized by notification to grant such a pass.

20. The application must in all these cases be in writing; it must specify the town, station, or other place into which the articles are intended to be transported, and must contain full information as to the quantity, quality, and description of the articles, and the purpose for which they are respectively designed. When the articles have been imported from abroad, the license under which they have been imported must be appended.

21. It will be within the discretion of the authorized officer to grant the pass if, from the information thus given and otherwise obtained, he considers that such pass may be safely granted. A register shall be kept of all passes so granted, and a copy of each pass shall be sent to the Magistrate of the district within which the place to which the articles are to be transported is situated.

22. The articles covered by such pass shall be taken direct to the place of destination mentioned in the pass without being sold or made use of at any intermediate place.

23. On the articles reaching their destination, the person in charge thereof must deliver the pass to the office of the Magistrate of the district within six days. It will be the duty of that officer to satisfy himself that the articles transported correspond with the entries in the pass, and to see that any deficiency that may exist is satisfactorily accounted for. The pass shall then be endorsed and returned to the holder, if he may lawfully keep in his possession the articles of which it covers the transport.

24. The following fees are to be charged for the issue of licenses and passes under the foregoing rules :—

For each license in form A for permission to import arms and ammunition	Rs. 5
For each pass in form B for the delivery of arms and ammunition from the Custom House	1
For each transport pass in form C	5

The foregoing rules do not apply to arms and ammunition imported or transported by any person in small quantities for his own private use, but a license or pass may be granted for such arms or ammunition at the discretion of the officer to whom the application is preferred.

25. Section 32 of Act XXXI of 1860, prohibiting absolutely the possession of any arms or ammunition without a license, is not now in force in any district of Bengal, inasmuch as no district is at present disarmed under that section.

26. In districts and places not brought under the provisions of section 32, persons are not absolutely prohibited from carrying arms without a license, but any person not being exempted under the provisions of section 27 from so carrying arms is liable to be disarmed by any Magistrate or police officer under section 26, if, in the judgment of such Magistrate or police officer, it is dangerous to the public peace to allow such persons to go armed or to carry arms.

27. In the districts noted in the margin the Government has not insisted on the people taking out licenses to own or carry arms. In these districts the local officers will refrain from enforcing section 26 of Act XXXI of 1860, except in special cases, in which there is really ground for believing that such a measure is necessary for the preservation of the public peace.

All the districts of the Presidency, Bardwan, Cuttack, and Chota Nagpore Divisions

Chunpurn, Sarun, and Tirhoot, in the Patna Division.

Rajshahye, Malidah, and Pubna, in the Rajshahye Division

28. In the districts noted in the margin, the Magistrates are bound to insist on licenses being taken out before arms are carried. They must observe, however, that they are not authorized to interfere with the mere possession of arms, if the possessor does not carry them or go armed. The license must be in form D, annexed.

All districts in the Cooch Behar, Dacca, and Chittagong Divisions.

Gya, Patna, and Shohabad, in the Patna Division.

Bogra, Rungpore, Dinagpore, and Moorshedabad, in the Rajshahye Division.

29. Any person in the districts named in Rule 28 who has not been exempted under section 27, and who is desirous of obtaining a license to carry arms, shall make an application in writing to the Magistrate in charge of the district or sub-division in which he may be residing. The application must be on an 8-anna stamp, and contain the following particulars :—

- (1) Name and address of applicant.
- (2) Period for which the license is required (in no case to extend one year from date).
- (3) For what purpose the arms are required, and the place where the applicant proposes to reside during the currency of the license.
- (4) Description of arms for which a license is sought.
- (5) Whether the arms are to be carried only by the applicant or by his followers; if the latter, the number and description of arms to be carried by each follower.

30. Some of the districts named in Rule 28 being situated on the frontier, the unrestricted right of possessing and carrying arms would afford facilities for selling them to the hostile tribes on the border, out of whose hands it is of the greatest importance that arms and ammunition should be kept. In the other districts specified the people are turbulent and prone to engage in affrays and riots, and it is necessary, for this reason, to put a check on the possession of arms by them.

31. The license given should be renewed year by year. The registration of these licenses will enable each Magistrate to ascertain the number of arms kept by the people in his jurisdiction.

32. Licenses to carry arms on a journey may be given to *bond fide* travellers in form E by the Magistrate of the district or sub-division (and in Calcutta by the Commissioner of Police), provided that, save for special reasons, no such license shall be current for more than a fortnight beyond the time required for the ordinary course of post between the place at which the license is granted and that to which the applicant is travelling.

33. The Magistrates should use caution in the issue of licenses to carry arms on a journey, and give them only if satisfied, on inquiry, that they can be safely granted. A register must be kept of all passes so granted, and a copy of such pass shall be sent to the Magistrate of the district to which the traveller is proceeding, in order that he may insist upon a license being taken out there.

34. As to the manufacture and sale of arms, Magistrates have under the Act complete power to grant licenses and recall them, and can therefore executively impose any condition they desire, because, if the condition is not fulfilled, the Magistrate rescinds the license at the end of the year. In this way, a limit can be placed upon the quantity of arms and ammunition which a manufacturer might under license turn out; but it will be necessary for the police to keep themselves well informed as to his actual stock, and to take means for testing the correctness of the stock-book entries.

35. Licenses to sell arms are, in the districts of Purneah, Dinagepore, Rungpore, Tipperah, Chittagong, Dacca, Backergunge, Mymensingh, Sylhet, and the Cooch Behar Division, only to be given to those persons to whom a license to transport arms, &c., would be given by the Commissioner under Rule 18. Such licenses will be very charily given in those districts after reference to the Commissioner of the division, and nowhere save at sadder stations. The fee for a license to sell arms is ten rupees.

36. Under sections 14 and 15 of the Act the Lieutenant-Governor has authorized District and Assistant Superintendents of Police to enter the premises of persons licensed to manufacture or deal in arms and ammunition, and to inspect the books kept by them in the course of their trade. The proper maintenance and inspection of these books, which are essential at all times to effective control over the traffic in arms, have become very much more important now that the checks on importation are likely to stimulate home manufacture.

37. As manufacturers cannot sell without their customers bringing themselves under the rules of inland transport in the process of taking away their purchases, Magistrates have a further means of controlling their trade.

38. The licenses of all dealers in arms, &c., must contain a stipulation that they will abide by the rules above laid down, under penalty of forfeiting their license. They must also undertake to enter in their books, besides the purchaser's name, the name of his father (for native purchasers), his place of residence, and the police-station within the jurisdiction of which he resides. Licenses granted under section 7 of the Act to sell arms should bear a note drawing attention to the necessity of the dealer's procuring also an import or transit pass, or both, before he can import or transport arms for sale. The licenses of dealers in Calcutta should contain a stipulation that they will sell to dealers residing out of Calcutta only when they produce a pass in form C from the Commissioner of the division where they reside, and that they will enter in their registers the particulars of each such pass.
